

# DOMINIC COLLEGE NEWSLETTER

18 February 2022

## From the Principal

It was a very busy and productive four-day week, and I had the opportunity to speak at our first 3-6 and 7-10 Assemblies on Wednesday to congratulate students on an excellent start to the year. We had the chance

to pray, sing and celebrate the wonderful achievements of students over the first two weeks of school. I reminded students and staff about our Charter for Salesian Schools and how we can live out this Charter in our daily interactions with others and application to studies. A big congratulations also to our Year 10 College Colours recipients for 2022.

I encouraged all students in Years 3-10 to take part in at least one Co-Curricular activity this year. Whether it be joining a Sporting team, Debating, Robotics, Photography Club or any other activities on offer. The value of taking part in these types of activities helps young people to build new friendships, develop important future skills, and most importantly, leads to having a healthy mindset. Teachers will be encouraging all students to take part in at least one activity and I know families will also work with us to explain the importance of taking part in the many opportunities on offer at the College.

Thank you also to our P&F for organising their Annual General Meeting and the first P&F meeting for 2022. It was a great opportunity to reconnect with parents and friends of the College. We wish them all the very best in their work for 2022.

## COVID-19 Protocols – Update

Thank you to all members of the community for following our COVID-19 protocols to keep everyone safe. Please be advised that if there is a COVID-19 case in a class in K-6 or 7-10, an email communication will come to families outlining that there has been a positive case in the class in K-6 or year group 7-10 and families will be asked to monitor for symptoms.

If a child presents with symptoms, families will be asked to test using a RAT (that was provided) or PCR and keep their children at home if they are showing any symptoms. The letter will also clearly outline the steps families need to take as they monitor symptoms and how to access learning if required. If a child is symptom free, they can still attend school.

We already have extra cleaning in place as an added precaution which I communicated in last week's Newsletter, but in the

*'Do all through LOVE, nothing through constraint.'* - St Francis de Sales

event of a student presenting with COVID at school, we would do an additional deep clean to ensure there are no traces of the virus to keep all members of our community safe.

If you do have any questions or are unsure about your situation in relation to any of our protocols, please continue to contact our Compliance Team at [whs@dominic.tas.edu.au](mailto:whs@dominic.tas.edu.au) and they will be able to best guide and support you.

I will write to families again in the coming week to provide an update on any changes to events or protocols that will impact the second half of Term 1.

### Parent Code of Conduct – Approved by the College Board

Conversations commenced in 2019 through our P&F about introducing a Parent Code of Conduct at Dominic College. Several examples of codes from other schools across Australia were looked at and the idea of introducing one at Dominic was supported by families. In August 2021, all parents were given the opportunity to provide some feedback and input into a Draft Parent Code of Conduct for Dominic College through an online survey and via the P&F meeting. We have a Code of Conduct for all staff and students, and I am pleased to announce that the College Board have now endorsed and approved our Parent Code of Conduct which can be accessed on our [website](#). Please take some time to have a read over the code. I thank all families for their contributions and feedback over the past three years to help make this a helpful source of guidance for all parents and families.

### Farewell to our Visiting Salesian Brother

We have been fortunate to have Br Lidio Marques visit us at Dominic for the past three weeks, where he has enjoyed visiting classrooms and playgrounds across K-10 to help him gain some knowledge into what life is like in Salesian schools in Australia. We wish him all the very best as he returns to Melbourne to continue his Theological Studies as he journeys towards his vocation of Priesthood. We thank you Br Lidio for all you have done for us over the past three weeks.

### International Women's and Men's Days at Dominic College

Due to increased safety measures because of COVID-19, we have had to cancel our 2022 International Women's Day Breakfast. This has given our College Leadership Team a chance to review and discuss the future of Breakfasts and we have decided to reimagine how we commemorate both the International Women's and Men's Days commencing in 2022. We will no longer be holding a morning Breakfast but will use classroom lessons, recess and lunch activities to educate students about female and male role models in their own lives, at school, and in our local and global communities, with students leading the events and activities on both important days. We will continue to raise funds to support Scholarships to access education at our Sister Schools in Samoa and use the days to learn about where these funds are going and why. We look forward to celebrating both days in a new style and our students and teachers will share their experiences in future editions of the Newsletter. Stay tuned to see what great initiatives they come up with for our 2022 International Women's Day on 9 March focusing on the theme of **#BreakTheBias**.

My best wishes to you all.

**Mr Steve Casni**  
**Dominic College Principal**

*'Do all through LOVE, nothing through constraint.'* - St Francis de Sales

## From the Acting Deputy Principals

As we start to settle into our daily routine, we would like to address some of our most queried matters. As

always, your first point of contact is your child's Classroom or Homeroom teacher.

### Leave During Term Time

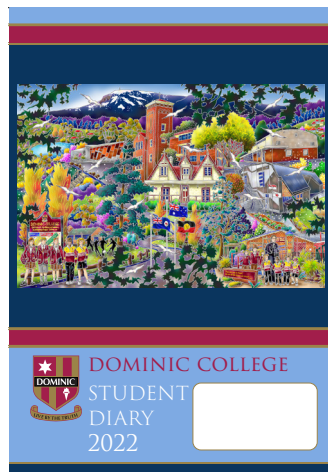

Dominic College cannot support nor approve the taking of holidays during term time. This is a legal mandate in the 2016 Education Act and has been put in place to ensure that sound academic progress can take place with students being present at school in all classes. Schools have a legal responsibility to maintain accurate records of student attendance and as such, any holiday leave that is applied for will be recorded as unapproved. We ask that you plan carefully in advance around school holiday periods, our term dates are available on our [website](#).

From time to time there will be students who are involved in interstate competitions or extraordinary circumstances that may warrant the need to take more than three days' leave. Applications for such leave can be lodged to us via the leave request form which can be obtained in the K-6 and 7-10 Offices. Once an application for leave has been received, you will receive either an email response or a formal letter from the Deputy Principal's office informing you of the status of the application. We thank you for your continued support and understanding.

### College Diary

All students in K-10 have been provided with a College Diary for 2022 to help them to get organised by writing in their due dates for homework and assignments, dates for College activities and other reminders.

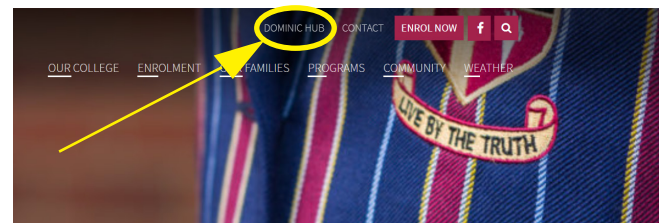

The diary is not a personal diary and should not be defaced with any form of artwork or graffiti. Parents may use the diary as a communication tool between home and school. In K-6, teachers may communicate information about learning progress, behaviour and other items that may need to be addressed. We encourage parents

to view the diary in to ensure that all communication pathways between home and school remain open.

### Parent Portal - SEQTA Engage Reminder

All new families would have received an email letter from our E-Learning Manager, Mr Adrian Hatton, containing details of how-to login to the Parent Portal (SEQTA Engage). The Portal can be accessed by selecting the [Dominic Hub link](#) on our Website Homepage or directly at <http://parent.dominic.tas.edu.au/>

We encourage all families to frequently use the Portal and update relevant contact details and medical records for your children on this site. The Parent Portal allows you to login at any time, giving you access to your child's academic details, activities, timetables, and reports. The Parent Portal also allows you to keep Dominic College updated and informed of any changes to personal details. Please do not hesitate to contact the E-Learning Team if you have any issues logging in to the Portal.

**Mrs Alicia McMahon & Mrs Jan Marcenko**  
**Acting Deputy Principals - K-6 & 7-10**

A playground where friends meet.*

*'Do all through LOVE, nothing through constraint.'* - St Francis de Sales

## Student Leaders Report

We hope that everyone is refreshed and organised for the year ahead. As everyone is

getting back into the routine of school, we highly encourage everyone to join a club. If you are interested in Debating, Music or Sport, join at least one of the school's range of different Co-Curricular activities. Joining a school club can help with time management, making new friends and becoming more confident around your peers. Make sure you keep on top of your homework and studying for tests and assignments but most importantly take time to socialise with family and friends and spend time looking after yourself.

We have recently had World Read Aloud Day. To celebrate this event, the high school students visited the primary students and read books together. This was a great day to enjoy the sun and outdoors whilst connecting as a community. The younger children really enjoyed the company of the older students and having the chance to read together. Both the younger students and the older students get a lot out of this day, and we can tell solely by the smiles on their faces.

Our new year 7s have a Camp coming up, which is a fundamental part of our Year 7 Program. This gives the students time to connect with each other and venture

from those who they spend most time with, to create new friendships with others they may not know. We encourage everyone to make new friends and spread kindness to everyone, no matter if you know them or not. A simple act of kindness can be offered to anyone and can be as simple as saying hello or even just giving someone a friendly smile. Spreading a little bit of kindness can go a long way and can brighten their day.

As there are many uncertainties going around and we can no doubt see that there will be more in the near future, please reach out to one of the SRC members if you are feeling worried about anything.

We hope you all have a productive and enjoyable start to this year. We wish you all a safe and relaxing weekend.

***Chloe Tarvydas and Connor Eastley***  
***College Vice Captains***

A HOME THAT WELCOMES

## Pastoral Care News K-6 and 7-10

### Assemblies Kinder – Year 6

This week we gathered together in different ways for our Assemblies.

Students in Years 3-6 gathered together in the Savio Centre for an Assembly lead by our K-6 Captains and Vice Captains. Our students in Kinder – Year 2 met in their year levels in their new outdoor spaces for a teacher lead Assembly. It was a wonderful opportunity to gather together, reward student achievement and look forward to a wonderful year ahead full of fun, friendship and learning!

At the Year 3-6 Assembly, Mr Casni addressed the students and spoke about being a Salesian, and our Salesian Charter. Students were asked to be the best versions of themselves. Our Student Leaders welcomed new staff and students to the College and reminded everyone of our 'We are Learner' Expectation for Term 1.

During the Assemblies, certificates were awarded to two students from each class. The 'We are Learners' Certificate is presented to a student showing positive learning behaviours in the classroom. The 'Heart of Friendship' Certificate is awarded to a student who is displaying kindness, friendship and care to others. It was wonderful to see students celebrate with their classmates as they were presented their awards. Congratulations to everyone who received certificates. Our next Assemblies are a Kinder – Year 2 gathering and Year 3-6 year level Assemblies which will be held on Wednesday 2 March.

### Bosco House

Bosco House has been off to a flying start to the 2022 academic year. It amazes me more and more each school year, the ability our students have to make our College such a welcoming and family-like environment. It is something our community is very proud of.

Towards the end of last year, our wonderful 2022 Bosco House Leaders brought Bosco House a gift, our very own Bosco House Build-A-Bear. We worked on a community 'bear naming competition' within the House and have decided to name our new 'Cheer Leader' Billy the Bosco Bear. This is a wonderful example of generosity from our students to our school in a bid to create a strong sense of community.

Last week we welcomed our Year 7 Bosco students into our House family, and they are fitting right in. Our Year 8-10 students have demonstrated outstanding skills in leadership and mentoring. We are blessed to have a wonderful team of House Leaders, SRC representatives and Year 10 students to demonstrate exceptional leadership skills to model to the rest of our community.

Our House Leaders have been working very hard with their planning for 2022. This includes ways in which to build our House community, fundraising for Project Compassion during Lent, Sports Carnivals, building community during Feast Days, House Singing, and much more.

**Mrs Allison Lowe and Ms Kiera Farr**  
**Coordinator of Pastoral Care K-6 and Acting Coordinator of**  
**Bosco House 7-10**

## Aboriginal Liaison K-10

Hello & welcome.

To those who don't know me, I would like to take this opportunity to introduce myself. My name is Michelle O'Grady and alongside being one of the Year 3 teachers, I currently hold the Aboriginal

Liaison role at Dominic College for 2022.

The purpose of the role of Aboriginal Liaison K-10 is to advance Dominic College's vision to develop within its Aboriginal students a pride in their cultural heritage and to support the development of their identity as Aboriginal and Torres Strait Islander young people. Furthermore, there will be a focus on developing the College community's understanding of the unique needs and unique rights of our First Nations People. Integration of Aboriginal and Torres Strait Islander perspectives within the Curriculum and Co-Curricular Programs will be further built upon across the school.

I was lucky enough to have a yarn with some of our K-6 students today who are eager to spend time together. I look forward to meeting and working with all our Aboriginal students, their families, community members, Dominic staff and the rest of the Dominic community this year.

**Ms Michelle O'Grady - Acting Aboriginal Liaison K-10**

### *To Dominic College Families*

*St. John's Parish would like to welcome all children who would like to make their Sacramental journey this year to join us in the current Program. This is run by Mrs Marie Aitken from the parish.*

### **FIRST RECONCILIATION**

*Parents' information night is on Wednesday 28 September at 7pm*

**Mrs Bradi McGee - Acting Religious Education Coordinator K-6**

## Faith, Mission and Religious Education

Welcome.

It has been wonderful seeing the students gather together in prayer each morning to welcome each new day and talk to God.

Students in Year 6 have been busy working on their own prayers and researching the College Saints.

'I wrote a prayer about my family and being thankful for my friends' Sophie.

'I am researching and finding out about Don Bosco as I am in Bosco Blue House' Isabella.

Kindergarten students have been focusing on creating their classroom prayer space.

'We have candles and books in our prayer space' Lockie.

'We are learning to make the sign of the cross and we have a statue' Lily.

**Mrs Bradi McGee - Acting Religious Education Coordinator K-6**

### Religious Education 7 – 10

2022 Religious Education has started by students diving into some important concepts. The 7-10 students are beginning to deepen their understanding of themselves, their relationships with others, with God, and their appreciation for Religion in society.

#### Year 7

Our Year 7 students are exploring what it means to belong and especially what being in a Catholic community means. They are studying the history of the College, Salesian and Dominican religious orders, the Salesian Charter (Parish, Home, School, Playground), the meanings behind the Dominic College Crest, the religious symbols in our schools, core beliefs of Christianity, and discovering the important lives and messages of our four Patron Saints.

#### Year 8

Our Year 8 students have started to develop an understanding of the Jewish background of Jesus Christ. They are learning about important Jewish traditions, customs and culture, and about daily life in first century Palestine. They will research various Jewish groups and analyse how Jesus would have interacted with them and the possible conflict and resolutions involved.

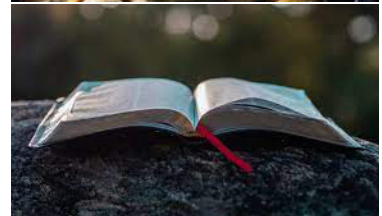

#### Year 9

Our Year 9 students have started by diving straight into the Bible and exploring the Old Testament and New Testament. They are looking at the different literary forms used to tell the messages, important religious truths and understandings about humankind's relationship with God. They have been retelling the Old Testament stories in their own words and it has been great to see the depth of their understanding. Students will also be challenged to undertake a Scripture Exegesis on a passage from Luke's Gospel.

#### Year 10

Our Year 10 students are investigating World Religions. They have started by developing an appreciation of what religion and religious thinking has contributed to society, and by understanding what components are required for an ideology to be considered a religion. They have been asking great questions and discussing the importance of faith in multiple world religions.

**Mr Adam Lapolla - Religious Education Coordinator 7 – 10**

# A PARISH THAT EVANGELISES

## Year 3

Welcome to de Paul (Year 3) for 2022. What a busy start we have had so far! It has been wonderful to see everyone settle into their new routines with their new teachers. In Year 3, lunch-time Extra-Curricular activities are available for students to sign up to – Choir, Dance, Readers Club, Library visits with more to come. Science investigations and novel studies have

also been a hit in our classrooms!

Here are some of the students' thoughts about what they like so far about being in de Paul:

**Brooke Thomas:** 'I like how we get to play outside games with Ms O'Grady and Miss Love. I've liked being able to spend time outside exploring and observing all the natural things and wildlife around the school grounds. I'm excited about being able to go to some new things at lunch like Readers Club and Choir.'

**Fletcher Whelan:** 'I like doing Maths in Year 3 and it's really fun to have Ms O'Grady and Miss Love as our teachers. It was exciting to go to Music because we got to do body percussion.'

**Maisy Jaeger:** 'I like listening to Miss Baker read Charlie and the Chocolate Factory to us. It is exciting because Mr. Wonka's Factory is very big and mysterious. We got to draw what we thought the factory looked like!'

**Noah Kingman:** 'I like how we get to do mindfulness in our class. It makes me feel very relaxed and ready to learn. Sometimes we get to do it outside in the fresh air and it feels like home to me.'

**Lachlan Schulze:** 'During our Science lesson we observed earthworms. It was fun using magnifying glasses to have a close-up look. Most people used gloves to hold the worms, but I liked them so much that I just used my hands. They felt wormy and slithery!'

**Gracie Carnes:** 'When we looked at the worms during Science they tried to hide themselves in the soil. We were able to see them to do a drawing. It's fun checking on our worms in the worm farm in our classroom each morning. I like Science a lot in Year 3.'

**Ms Therese McDevitt, Ms Molly Baker and Ms Michelle O'Grady. - Year 3 Teachers**

A SCHOOL THAT PREPARES FOR LIFE

## Kindergarten

### Welcome to Kinder tuminana- 1, 2 and 3 for 2022

This year we have started in an unusual way having our Kinder students entering the classroom themselves. Whilst this has been difficult for our parents, our students have reacted extremely well and are more independent than in years gone past. Each morning drop off is fast and students then move into their rooms to unpack their diaries and homework folders and then their lunch box and drink bottles. Just a quick reminder about naming each item, especially their clothing. Please ensure your child's name is on the tags inside in some way.

The design of the new Kinder rooms has enabled Parents to wave goodbye through the 'windows'- the mesh and slats on the sides of the art rooms and they can also see how quickly each student is unpacking and settling in for a day of fun and learning.

We have experienced our Specialist lessons of Japanese, Music and PE and are finding these a lot of fun. As can be seen from the photos we are also fully engaged in our new playground and continuing to build our gross motor skills.

Each Kinder class is learning to write their names and practising these in various ways each day. We are also learning about 'Ourselves'. Some of the facts we have learned are that in tuminana 3 we are all still 4. 'We have zero people who are 5!' Early Maths concepts such as colour, sorting and counting are also a part of our day.

We are very lucky to have Seesaw to share our day and some of the delightful ways our Kinder students are growing every day. We look forward to the time when you can all be a part of our day inside the classroom.

**Mrs Jane Doyle**

**Coordinator of Teaching and Learning K-2**

## English 7-10

### World Read Aloud Day

Last week, the College celebrated World Read Aloud Day to call attention to the importance of sharing stories. Students across the year levels were challenged to grab a book, find an audience and read aloud! This global effort is celebrated annually in over 173 countries and is all about bringing people together through the shared connection of reading aloud. Senior students at Dominic had the pleasure revisiting some classic favourite stories when they visited students in the *pulana* K-1 and Prouille 3-5 Precincts. We encourage all students to make reading a part of their daily routines.

### English 7-10

Our secondary students have made a terrific start to their English courses this year. Year

7s are presently undertaking a study of different types of personal writing and they will also be creating their own written texts using the first-person point of view.

The text themes in Year 8 this term revolve around the climate-fiction genre. This topic has recently become very popular with our students so we look forward to their personal text responses to the variety of poems, stories and other texts they will be engaging with throughout this study.

Our Year 9 cohort is presently studying a variety of short stories to discern the way authors structure their narratives and position their audiences. Novel studies are underway throughout Year 10 English classes and we encourage all students to read ahead in preparation for their classes

### Reading

In addition to their regular classroom reading, students in 7-10 should each have a personal reading book. Students have been visiting the Mary Mackillop Learning Centre as a class group as the term has commenced to check out novels for their own personal reading. Students in 7-10 are also welcome to visit the Library at lunch, recess and before school starting at 8.15am.

**Mrs Jan Marcenko - Head of English 7-10**

## Australia's Engagement with Asia

### Multilingual Students

Our Dominic College community is rich with students who speak a range of languages at home.

Languages used at home by Dominic families include: Arabic, Bengali, Chinese, Filipino, Finnish, French, Ghanaian, Greek, Gujarati, Hindi, Indonesian, Italian, Korean, Krio, Malayalam, Maori, Nepali, palawa kani, Punjabi, Romanian, Serbian, Shona, Sinhalese, Spanish, Swahili, Tagalog, Tamil, Telugu, Thai, Urdu and Vietnamese.

I spoke with four eloquent multilingual students, who graciously shared some deeply personal insights about language learning at Dominic College, and their own identities as multilingual people.

**You all use a range of languages at home, and English at school. How do you feel about also learning Japanese at school?**

I feel happy because I am learning a lot of languages. (Sherlin)

There are some of the same sounds in Japanese as Krio so it is easy to know how to pronounce the words. The “r” sound in Krio and Ghanaian have the same sound as Japanese, so it is easy when you come to school. (Jonievis)

I think it is easier if you can talk in a lot of languages. If you want to say something to other people who know your language, you can tell secrets in front of people who don't know! (Samuel L)

Learning more languages is pretty nice if you are going to explore here and there, it is good to speak with other people as you travel across the world. (Samuel S)

**What other languages would you like to learn in the future?**

I would like to learn French, Spanish or Italian in the future. (Sherlin)

It would be good to stick with learning Japanese because Japan is cool. (Samuel L)

It is my dream to see Sony and Nintendo in Japan! (Samuel S)

**How do you feel about speaking a different language to your families?**

I normally get afraid, embarrassed or shy to speak other languages in front of my friends, but sometimes they want to learn from me and I actually like that they want to hear from me. That makes me less afraid to share what I have. (Jonievis)

I am the same, I don't feel embarrassed but I feel shy. Sometimes my friends come over and say, 'that is cool', and I feel proud that it is unique to be me. (Sherlin)

I feel happy about speaking Indonesian because my grandpa on my mum's side doesn't understand English really well, but it makes it easier to communicate with him if I can speak Indonesian. (Samuel L)

Like Samuel, my grandma can't really speak English. My family are trying to teach her. When I skype with my grandma in Ghana, I am happy that I can talk to her and that she can understand me. (Jonievis)

Learning about Asia (and Global) perspectives benefits us all. It contributes to mutual respect and appreciation of diversity, and an opportunity to learn more about each other! Thank you so much to Year 5 students, Sherlin, Jonievis, Samuel L and Samuel S for sharing your carefully articulated thoughts with us.

**Mrs Belinda Kumashiro - Asian Studies Coordinator K-10**

A SCHOOL THAT PREPARES FOR LIFE

## Co-Curricular Activities

Despite COVID-19 rearing its grim visage once more, the Co-Curricular program at Dominic is ready to commence for 2022.

Dominic College offers opportunities throughout the year for students to participate in inter-school competitions. These competitions are designed to enhance the skills developed in the classroom, as well as teaching invaluable critical and creative thinking skills.

In addition to the inter-school competitions, the College also has ongoing school-based clubs and societies. These range from our many fine bands and choirs to Chess and Public Speaking clubs. As always, there is plenty of scope for more clubs and societies to develop in response to student needs.

The benefits of participation in Co-Curricular activities are many. It has been shown that students who participate in these activities have higher engagement in the classroom, develop better interpersonal skills, and have stronger relationships with their peers and teachers. Perhaps the greatest benefit of all, however, is the sense of pride evident in the students when they challenge themselves to go beyond their comfort zone and try something new. In 2022, I encourage all students to grasp the opportunities offered in the Co-Curricular Program.

TERM ONE	TERM TWO	TERM THREE	TERM FOUR
TDU Interschool Debating (Years 6-10)	TDU Interschool Debating (Years 6-10)	Philosothon (Years 8-10)	Ethics Olympiad (Yrs. 7-9)
Rostrum Voice of Youth Speech Contest	Ethics Olympiad (Year 10)	TDU Finals

**Mr Mark Glidden**

*Coordinator of Co-Curricular 7-10, Debating and Public Speaking.*

**A SCHOOL THAT PREPARES FOR LIFE**

## Sport K-10

It's certainly a busy time in Dominic Sport at the moment. Today we have high school Futsal Rosters commencing and next week we have 1/2 boys JSSATIS Soccer, 3-6 Flippa Ball, 1-6 girls JSSATIS Soccer, 5/6 Tennis, 3/4 boys Cricket, 7-10 boys Basketball, 7-10 girls Cricket and 7-10 girls Volleyball! It's a mammoth effort to organise these teams, and by now parents (and 7-10 students) should have received the relevant information via email.

### 7-10 Swimming Team

Our representative 7-10 Swimming Team have continued their morning training sessions at Glenorchy Pool on Tuesdays and Thursdays at 7am. If you are a part of the team, and have not yet been to a session, why not try and make it to our final two sessions next week! Students are encouraged to purchase our new bathers ready for the inter-school Carnivals. They are in stock in the Uniform Shop and look great!

With the exception of Futsal, all of our 7-10 sporting rosters for term 1 can be accessed via the SATIS website ([www.satis.com.au](http://www.satis.com.au)). Rosters are subject to change (particularly in the first two weeks), so be sure to check the website in addition to the morning student bulletins.

**Mrs Nicole Millikan**  
**Sport Coordinator K-10**

## GLENORCHY DISTRICT FOOTBALL CLUB - JUNIOR & YOUTH

Season 2022 registrations are now open for our Junior AFL program for students at Dominic College.

### Boys Football

Under 8s, 9s & 10s have commenced training at KGV Oval from 4.30pm – No experience is necessary, with children from Prep to Year 4 welcome for these age groups

Under 11s and 12s have commenced training at Dominic Oval- This is so easy for our Dominic children, who can meet under the sails, and be escorted across to the oval.

For more information, please contact [glenorchyido@gmail.com](mailto:glenorchyido@gmail.com) or 0427 582 188.

### Girls Football

Under 9s and Under 11s age groups for 2022 commenced training at Cosgrove High School from 4.00pm

We are expecting another fantastic year from our junior girls program. For more information, please contact [glenorchyido@gmail.com](mailto:glenorchyido@gmail.com) or 0427 582 188.

Games are on Sundays, with flexible arrangements available for boys and girls with other sports commitments. There are number of Dominic teachers and staff amongst our parent group.

Registrations can be completed by going to the Glenorchy Junior Football Club website, and following links to Registration | website ([glenorchyjuniorfootballclub.com](http://glenorchyjuniorfootballclub.com))

The GDFC Auskick details for 2022 will also be announced shortly, which is great introductory program to AFL football.
